Our Philosophy:

Palmriders welcomes riders of all ages, at all levels, and from all disciplines. We embrace the concept of life-long learning, and Our goals are to promote and develop horsemanship, life skills and lifelong learning. You do not need to own or lease a horse in order to take lessons.

You'll enjoy learning in our supportive and friendly atmosphere with people who share your interests and motivations. New riders start with the basics and progress step by step in learning to communicate with their horse.

Riding lessons are tailored specifically for each rider to advance their equestrian skills. Instructors and students work together to accomplish individualized riding goals.

Programs are specially designed interactive experiences that promote emotional healing, improve confidence and social skills, and help clients make positive changes in their lives with on the ground led courses or on horseback driven games.

Our Programs:

Level I

This 60-minute class is designed for beginning riders and covers horse behavior, horse safety, grooming and a short riding lesson.
